Argo

Marin Sovulj

CAPTAIN

Croatian

At the helm of Argo is Captain Marin Sovulj, a native of Split whose maritime journey spans two decades. His profound experience, honed through commanding large-scale cruises across Croatia, ensures every voyage is executed with masterful precision and an intimate understanding of the Adriatic's nuances. Captain Sovulj's leadership is characterized by an unwavering dedication to guest satisfaction and the seamless operation of the vessel, fostering an atmosphere of absolute confidence and serene prestige. His passion for excellence extends beyond the sea, reflected in his personal pursuits, which include a distinguished involvement in car racing, embodying a spirit of precision and controlled power.

Petar Spajic

FIRST OFFICER — Croatian

First officer Petar Spajic has been closely connected to the sea and water sports from an early age. After gaining experience as a skipper, he transitioned into the yachting industry where he developed strong skills in navigation support, tender driving and water sports operations. With his hands-on approach, reliability and positive attitude, Petar plays a key role in ensuring smooth deck operations and memorable guest experiences on board. In his free time he enjoys football, padel and continuing to develop his maritime knowledge while building his career at sea.

Filip Paladin

DECKHAND — Croatian

Deckhand Filip Paladin is a highly skilled and experienced professional, contributing four successful seasons in the yachting industry to the Argo team. His proficiency encompasses comprehensive vessel maintenance, including meticulous cleaning, polishing, engine room care, and bilge management. Filip's expertise extends to bartending and meal service, ensuring guests are wellinformed and comfortable throughout their journey. Known for his responsibility, strong work ethic, and positive team spirit, he thrives in dynamic environments and is always eager to learn and grow. With up-to-date maritime certifications and a Powerboat Level 2 in progress, Filip is committed to building a long-term career at sea, making him an invaluable asset to the seamless operation and refined experience aboard Argo.

Duje Jurjevic

DECKHAND — Croatian

Deckhand Duje Jurjevic, a native of Split, brings a robust blend of athleticism and maritime skill to Argo. A former competitive swimmer and diver, his deep connection to the Adriatic is evident in his comprehensive understanding of its waters. Duje's Yachtmaster certification and proactive approach to learning ensure he is a highly capable and adaptable member of the crew. Beyond his professional duties, his passion for tennis, hiking, and kickboxing reflects a disciplined and energetic spirit, contributing to the dynamic and capable atmosphere aboard Argo.

Milan Marusic

DECKHAND — Croatian

Deckhand Milan Marusic brings valuable maritime experience and a strong sense of responsibility to Argo's deck team. With a background in seamanship, navigation support, and daily deck operations, he plays an important role in maintaining the yacht and ensuring that life on board runs safely and efficiently. Reliable, hardworking, and adaptable, Milan contributes to the smooth rhythm of each voyage while supporting the crew in creating a comfortable experience for guests. Beyond his role on board, he enjoys playing basketball and staying active.

Antonio Gusic

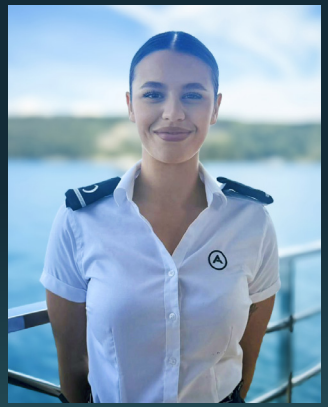
DECKHAND — Croatian

Antonio is an ambitious and self-motivated deckhand who brings a positive attitude, strong teamwork skills, and a passion for delivering exceptional guest experiences onboard. Having worked on charter yachts throughout the Adriatic, Greece, and Montenegro, he is experienced in deck operations, tender driving, water sports assistance, and maintaining yachts to the highest standards of safety and presentation. With a friendly personality and excellent interpersonal skills, Antonio enjoys creating a welcoming atmosphere for guests while supporting the crew with professionalism and attention to detail. Eager to continue growing within the yachting industry, he approaches every opportunity as a chance to expand his knowledge, refine his technical skills, and contribute positively to life onboard.

Ana Milos

CHIEF STEWARDESS — Croatian

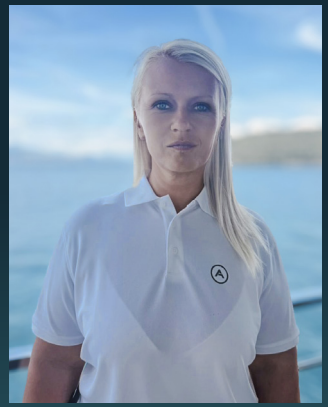
Chief Stewardess Ana Milos orchestrates the impeccable interior experience aboard Argo with a blend of sharp operational acumen and intuitive grace. Her rapid ascent within the yachting industry, culminating in her role as Chief Stewardess within a year, is a testament to her exceptional leadership and discerning eye for detail. Having managed demanding itineraries on yachts up to 110 meters, Ana ensures every guest interaction is marked by discretion, precision, and a warm, anticipatory service. Her commitment to fostering a harmonious environment extends to mentoring her junior crew, ensuring a consistently superior five-star experience. Beyond her professional dedication, Ana finds balance and focus through her passion for volunteering with abandoned animals and practicing Pilates.



Jasmina Lehman

STEWARDESS — Croatian

Stewardess Jasmina Lehman brings a refined sense of hospitality and meticulous organization to Argo. Her background in high-end hospitality, combined with an innate ability to maintain composure in dynamic environments, ensures that every guest interaction is handled with grace and efficiency. Jasmina's keen eye for detail and proactive approach contribute to the serene and comfortable atmosphere aboard, allowing guests to relax and savor every moment of their charter experience.



Nina Birac

STEWARDESS — Croatian

Stewardess Nina Birac brings valuable charter experience and strong organisational skills to the interior team. With a focus on housekeeping and laundry operations, she maintains the highest standards of cleanliness and presentation throughout the yacht. Reliable, detail oriented and hardworking, Nina supports the interior department in ensuring smooth daily operations and a comfortable environment for guests on board. In her free time she enjoys sailing, skiing, surfing and horse riding.

Vana Besker

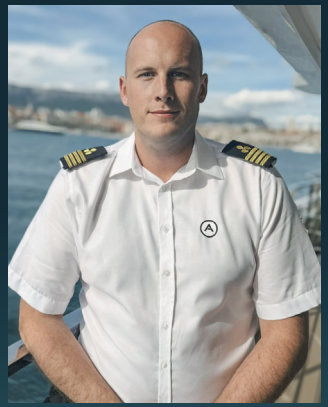
STEWARDESS — Croatian

Stewardess Vana Besker brings charter yachting experience together with a background in physiotherapy, Pilates, yoga, and personal training, adding a distinctive dimension to Argo's interior team. Friendly, professional, and naturally guest-focused, she helps uphold the highest standards of service and presentation on board. Her understanding of wellness and active living brings an added sense of balance and ease to the guest experience, helping create an atmosphere that feels both welcoming and restorative throughout the charter. Beyond her role on board, Vana enjoys staying active, travelling, and discovering new places.

Nora Kuzmanic

STEWARDESS — Croatian

Stewardess Nora Kuzmanic brings previous hospitality experience, strong organisational skills, and a thoughtful attention to detail to Argo's interior team. Friendly, motivated, and quietly efficient, she supports daily service while ensuring the highest standards of presentation are upheld throughout the yacht. Her positive nature and willingness to assist wherever needed make her a valued part of the crew, helping create an atmosphere of comfort and ease for every guest on board. Beyond her role, Nora enjoys photography, travel, and discovering coastal destinations.



Tomislav Stincic

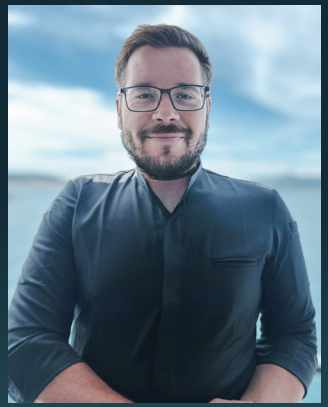
CHIEF ENGINEER — Croatian

Chief Engineer Tomislav Stinčić brings deep technical expertise and a quietly assured presence to Argo's operational core. Holding a Master's degree in Forestry, Nature Conservation and Environmental Protection, along with a strong background in machinery maintenance and technical operations, he combines analytical precision with a disciplined, hands-on approach. Having worked on numerous vessels and been involved with Argo from its early development, Tomislav has an intimate understanding of the yacht's technical systems and operational demands. Responsible for ensuringđđ flawless performance behind the scenes, he oversees every detail with consistency, care, and reliability. Beyond his professional role, his passion for cars and occasional kickboxing reflect the same spirit of strength, focus, and controlled power.

Josip Bozic

ENGINEER — Croatian

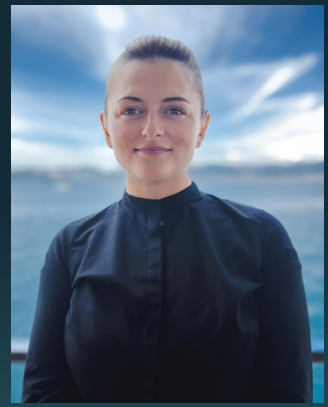
Engineer Josip Bozic brings valuable hands-on experience and a meticulous eye for detail to Argo's technical operations. With a background spanning charter sailboats, cruising ships, and extensive deck duties, he has developed a well-rounded understanding of vessel maintenance, tender operations, and watch-keeping. His continued education as a Ship Engineer reflects a strong commitment to growth and operational excellence. Diligent and dependable, Josip plays an essential role in ensuring that every system functions seamlessly, supporting the smooth and elevated experience aboard Argo.



Miroslav Sobot

HEAD CHEF — Croatian

Head Chef Miroslav Sobot brings more than a decade of international culinary experience to Argo's galley, pairing creativity, precision, and passion in every dish prepared on board. His background spans both private and charter yachts, as well as high-level restaurant kitchens, allowing him to adapt menus with ease to a wide range of guest preferences and dietary requirements. Specialising in Mediterranean cuisine with modern and global influences, he focuses on fresh ingredients, elegant presentation, and highly personalised dining experiences throughout the charter. Beyond the galley, Miroslav draws inspiration from nature, hiking, and the continual discovery of new culinary ideas.



Nives Tusak

SOUS CHEF — Croatian

Sous Chef Nives Tušak brings a combination of culinary precision, sailing experience, and adaptability to Argo's galley. With experience across charter yachts and Mediterranean itineraries, she focuses on fresh, guestfocused cuisine, delivered with a calm, hands-on approach to life at sea. Her understanding of the pace and rhythm on board allows her to work seamlessly alongside the team, ensuring consistency throughout the day. Drawing on coastal influences and seasonal ingredients, Nives creates meals that feel both refined and approachable, with careful attention to balance, presentation, and individual preferences. Her style adds a quiet sense of warmth and ease to the onboard experience, complementing both the setting and the flow of each day.
